

Double Sided Flex Slicker Brushes Stainless-steel Pins

Double Sided Flex Slicker Brushes feature medium firm stainless steel angled pins on both sides. The head flexes to conform to the special contours of your pet to gently remove tangles and loose hair from the inside of the legs, tail, head and other sensitive areas. Extra-long stainless steel pins penetrate deep into the coat to remove loose undercoat. The soft pins are perfect for light jobs. Firm pins work through mild mats. Firm pins work through mild mats. Non slip grip makes grooming easy. The ergonomic design provides comfort when brushing.
